

Assemblyman Erik Peterson, R-23, joined volunteers from America's Grow-a-Row at the Valley Crest Preserve Farm in Annandale and Peaceful Valley Orchards in Union Township to help harvest fruits and vegetables for those suffering from hunger across New Jersey. Volunteers from the Highlands Presbyterian Church, Schooley's Mountain, came out in full force to harvest 120 pounds of peaches and 75 pounds of string beans that were later delivered to the residents of Camden. America's Grow-a-Row partners with both Valley Crest and Peaceful Valley Orchards where they plant, harvest and coordinate the distribution of approximately 375,000 pounds of free produce to residents in need all across New Jersey each year. Those interested in volunteering or making a donation to America's Grow-a-Row can contact Chip Paillex at 908-331-2962 or chip@americasgrowarow.org.
