

Agenda For Your Volunteer Day

Registration is at 8:45 am

Arrival: Groups are welcome to come early and bring breakfast.

9:00 - 9:15 am

Discussion: Learn about food insecurity, your team's project, and how you make a difference.

9:15 am - 12 noon

Volunteering: Work in the fields includes harvesting seasonal crops like cabbage, tomatoes, corn, peaches, beans, apples, and more! We provide all materials. Dress appropriately for your day on the farm.

Feel free to stay and enjoy lunch at our picnic tables!

Corporate Social Responsibility

Thank you for your interest in volunteering at America's Grow-a-Row! Each year we donate 2.5 million pounds of farm-fresh food to our neighbors in need. Volunteering with America's Grow-a-Row is a fun, rewarding team-building experience. Your team's participation not only helps fight food insecurity, but also contributes to environmental sustainability, helps strengthen communities, and supports STEM and healthy eating education. We'll see you in the fields!

Enhance Your Team's Experience

- Boost your volunteer event with a donation! Ask your employer if they will support us as a Farm to Fork Volunteer Sponsor and if they offer corporate foundation grants and matching grants.
- Combine our "volunteering for us is one dirty job" graphics with your company logo to create custom field shirts.
- Finish the day by delivering some of the produce harvested by your team to a local hunger relief organization.
- Volunteer to deliver produce to a Free Farm Market to see the impact of your team's hard work first-hand.
